

Pre Event Activities

We're so excited about all the special activities we've arranged for you all!

Try your best to be on time - Germans, are pretty serious about this, so don't miss your tour, bus or boat! The [BVG website](#), our local transportation system, is pretty accurate with timetables and updates on delays. Give yourself a little buffer especially if you are heading to an unfamiliar meeting point! Feel free to give your group leader a ring or a tweet in case you are lost.

Since tours end around dinnertime, we've arranged for reservations or your guide to bring you to great food points in the city. *Dinner Plans are optional in case you already have evening plans. Be advised German Restaurants rarely (as in almost never) accept cards - BRING CASH.

After dinner your group leader will bring you to the Pre-Event if you wish to attend.

We hope you will have a lot of fun!
